PROFESSIONAL SUMMARY

Bachelor of Technology student in Information Technology at VSB College of Engineering Technical Campus, Coimbatore. A responsible and dedicated individual with a keen interest in harnessing the potential of emerging fields in Information Technology. Possesses strong coordinating abilities actively applied in group projects and extracurricular activities. Committed to continuous learning and aspires to contribute effectively to the field of Information Technology.

EDUCATION

V S B College of Engineering Technical Campus, Coimbatore
B.Tech — Information Technology

2023 – 2027
CGPA: 8.5 / 10

Vivek Vidyalaya Matric Hr. Sec School, Coimbatore
Computer Science with Mathematics

2021 – 2023
Percentage: 80%

TECHNICAL SKILLS

- ***Area of Interest:*** Artificial Intelligence & Machine Learning, Full Stack Development, Database Management Systems, Cloud Computing.
- ***Languages:*** Java, Python(Intermediate), C(Beginner).
- ***Web Technologies:*** HTML, CSS, Javascript, MERN.
- ***Databases:*** SQL, MongoDB.
- ***Tools & Platforms:*** Git, Github, VS Code, Antigravity, Claude, Figma, Canva.

PROJECTS

Online Hospital Appointment Portal

- Developed a full-stack appointment system supporting role-based access for patients and administrators, with real-time doctor availability and secure session-based authentication.
- Streamlined scheduling by automating slot allocation and conflict detection, reducing manual coordination effort.
- Implemented a modular MVC architecture separating business logic, data access, and presentation layers for long-term maintainability.
- ***Tech Stack:*** Java, MySQL, HTML5, CSS3, JavaScript

DeepFake Detector

- Developed an AI-powered DeepFake detection system to identify manipulated images and videos using deep learning techniques.
- Trained and evaluated a convolutional neural network (CNN) model on real and fake media datasets to improve detection accuracy.

- Implemented image/video preprocessing, feature extraction, and real-time prediction functionalities through a user-friendly web interface.
- Integrated model performance metrics, secure file uploads, and result visualization to provide reliable and explainable detection outcomes.
- **Tech Stack:** Python, TensorFlow/Keras, OpenCV, NumPy, Pandas, Flask (or Django), HTML, CSS, JavaScript.

AI Based Study Task Locker

- Created an AI-powered study task locker to help students manage daily study activities and deadlines effectively.
- Developed features for task creation, editing, deletion, and smart categorization based on priority.
- Integrated AI-based suggestions to improve study planning and productivity.
- Built a clean and user-friendly interface with secure login and progress tracking features.
- **Tech Stack:** React, Node.js, Express.js, MongoDB, Python, TensorFlow, JWT, GitHub

EXPERIENCE & CERTIFICATIONS

Python Intern – Nxtsyn Private Limited (Jan 2026 – Mar 2026)

- Developed and debugged Python scripts for automation and data handling using NumPy and Pandas. Assisted in API integration and SQL operations while collaborating via Git/GitHub.

IBM Python for Data Science, AI & Development Certification

- Completed IBM authorized Python for Data Science, AI & Development certification through Coursera, gaining proficiency in Python, data science, AI, and development concepts.

ACCOMPLISHMENTS

- **Best Performer** — Two-Day National-Level Hands-On Workshop on GenAI Tools, SNS College of Technology, Sep 2025.
- **2nd Place** — "Quiz on Quality and Standards", E-GRAPHIE 6.0 National Level Technical Contest, Johnsons Institute of Technology, May 2024.
- **2nd Place** — "Paper Presentation: Technova Talk", Blitzmac National Level Technical Contest, VSB College of Engineering Technical Campus, May 2026.

LANGUAGES KNOWN

- Tamil (Native)
- English (Professional Proficiency)
- Kannada (Conversational)

DECLARATION

I hereby declare that the information provided above is accurate and true to the best of my knowledge.
